General Comment

I have used options in my Roth IRA very successfully by purchasing a stock and selling calls on my stock purchase. This is a very safe way of growing my IRA and lowering the risk in my portfolio. Please do not disallow the use of options within IRA's or 401K's. Zero interest rates by the Fed have killed us retired folks. Don't take the last bastion of hope from us by eliminating options in our retirement accounts. Thank you!
